

MBT209 (400U/ $\mu$ l) and  
MBT207 (600U/ $\mu$ l)

- Supplied with 10 X Ligase Assay Buffer
- 98% Purity
- Free of Nuclease
- Ligates both sticky ends and blunt ends

- Cloning of PCR product for desired vector

- Recommended for **fast ligation**
- Used for ligation of **low concentration DNA fragments**
- **High concentration ligase** for applications in which **high enzyme concentration** are required
