

Sequencing & Bioinformatics Services *Diving Deeper to Rise Higher*

Meeting Your Sequencing Needs

Plasticware

- PCR Blocks
 - Barrier Tips
 - PCR Tubes
 - Optical Sealing Film
- And much more...

Raw Materials

- Buffers
 - Molecular Biology Chemicals
 - Reagents for PCR & Proteomics
- And much more...

HiPurA®

Manual and Automated
Extraction Kits &
Insta NX® Mag
Automated Extraction
Systems

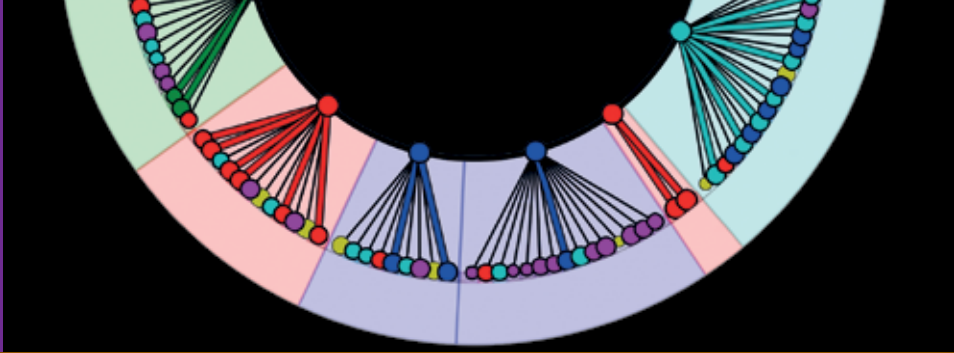

Insta-Q 96®-6.0

Hi-PCR® Amplification Kits
Customised range of semi-
quantitative and Real Time
PCR Kits and Thermal
Cyclers

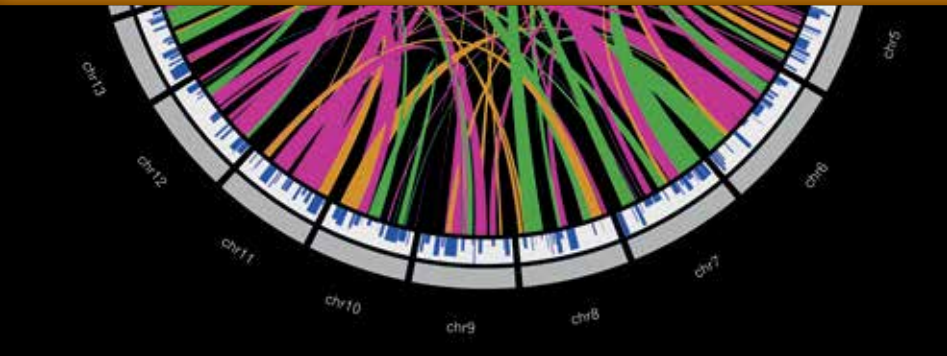

Sanger Sequencing

Microbiome, Metatranscriptomics and Metagenomics

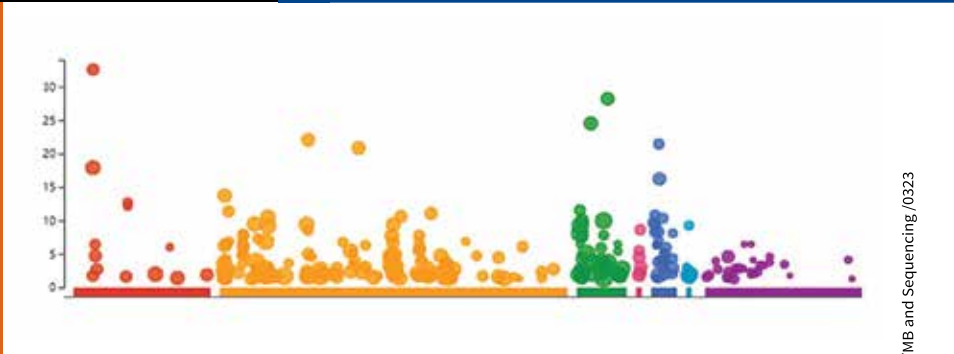

Unparalleled Sequencing and Bioinformatics Services

Whole Genome, Transcriptomics and Exome Sequencing

Bioinformatics Services
