

We're Featured on the Atlas of Innovations

The Atlas is a DHR-ICMR and Central TB Division initiative, supported by

The Union

International Union Against
Tuberculosis and Lung Disease

Gates Foundation

“The Atlas of TB innovations is envisioned to be the updated single point reference for all innovations in the **Fight Against Tuberculosis.**”

For each innovation on the Atlas, it showcases:

1. Live Status - of the innovation in the product maturity/ scaleup pathway and future trajectory
2. Value add - of the innovation in care process/ cascade/ programmatic protocols
