

pUC19 DNA MBT205

NEW

Concentration : **500µg / ml**

Purity A260/A280 : **1.8-2.0**

Features

- pUC19 Vector is a **high copy** number, E.coli Plasmid of 2686 base pair.
- **Multiple cloning Sites**
- **Various** restriction enzymes recognition Sites
- Includes selectable marker for **easy identification** of transformed cells.

Applications :

Suitable for Cloning Experiments
Suitable for DNA sequencing.
