

Automated All-in-One Extractor (DNA/RNA/rProtein/mABS)

CE-IVDR, USFDA &
ANVISA Approved

Insta NX® Mag16Plus (MBLA018)

Peel-off Pre-filled Cartridge
for Single Sample Processing

Peel-off Pre-filled Plates

Real-Time PCR

CE-IVDR, UL-CSA &
ANVISA Approved

Insta Q96® AG Series

State-of-Art Hi-Gx360® Lab

NABL
ACCREDITED*

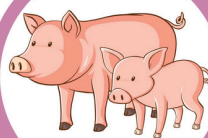

Cherishing Human-Animal Bond with Veterinary Diagnostic Kits

MBPCR125 : Babesia
bigemina
MBPCR214 : Trypanosoma
evansi
MBPCR163 - Capripox

Swine

MBPCR256 : African
Swine Fever Virus
(ASFV)
MBPCR293 : Nipah
Virus

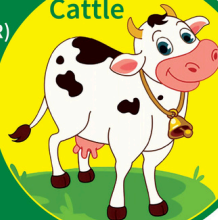

Feline/Canine

MBPCR248 : Canine
Viral Pathogens
MBPCR249 : Feline
Viral Pathogens

MBPCR162 : Brucella spp.
MBPCR168 : Peste des petits Ruminants (PPR)
MBPCR169 : Pasteurella multocida
(Haemorrhagic Septicemia)
MBPCR214 : Trypanosoma evansi
MBPCR224 : Blue Tongue Virus (BTV)
MBPCR261 : Anthrax Multiplex
MBPCR252 : Protozoan parasite

Cattle

Also Available Detection kits:

- Toxin Detection
- Adulteration Detection
- Pathogen Detection

Poultry

MBPCR167 : Mycoplasma gallisepticum
MBPCR165 : Theileria
MBPCR166 : Newcastle Disease Virus
(NDV) Probe
MBPCR280 : H5N1 FLU
MBPCR126 : Newcastle Disease Virus
(NDV) SYBr

Note : NABL accredited testing laboratory, certified under ISO/IEC 17025:2017, Certificate No. TC-15423, with a scope that includes microbial identification using Sanger sequencing.
